

## Dedicated Servers : Unmanaged

If the client does not have the in house resources to administer a server, then Hotchilli has the knowledge and experience to provide clients with a management service.

Hotchilli has extensive knowledge and experience with the following Operating Systems; Red Hat Linux, Windows 2000 Server. We can also support software such as Cold Fusion, PHP, MySQL, MS SQL and MS ASP.

Hotchilli Internet Solutions is an accredited Microsoft Certified Partner, a Cold Fusion Solutions Provider and a Sun Cobalt True Blue Partner. With one of the fastest Networks in the UK, you can be sure of having a premium service when hosting with Hotchilli.

### Dedicated Server Packages

Hotchilli offer a comprehensive range of dedicated server packages to suit all your needs. All of the servers are capable of Corporate Website hosting and Virtual Server hosting for multiple websites and application.

Most Servers can be installed within 24 hours of receiving back the signed contract, setup fee and the first month's hosting charge.

### Control Panel

To manage your Dedicated Server yourself Hotchilli will provide you, FREE of charge, 10 User Licenses for the Plesk Control Panel.

As a web designer or reseller, you can manage almost everything about your server using Plesk - with no previous knowledge of Linux. Plesk 7.0 has a simple, graphical interface that enables even non-technical personnel to perform a variety of administrative tasks, such as creating new e-mail accounts and managing entire domains - all with point and click simplicity.
